

CUSTODIAL DECLARATION REQUIREMENTS

Important:

All international students in British Columbia under the age of 19 are considered to be minors and are required by law to have an adult custodian while studying in the province.

The Gulf Islands International Program provides this service free of charge, but you have the option of arranging your own custodian as long as this individual is approved by the program and resides in the Gulf Islands.

If the program provides your custodian (recommended), you will be issued a custodial declaration along with the Letter of Acceptance.
